20% of materials cost up to \$100 max/year for homes with non-electric heat and central air conditioning.

LIGHTING

LED yard lights, lighting fixtures and ENERGY STAR LED bulbs are eligible for various rebates.

For additional rebate information or to complete a rebate form visit Franklin REC's website.

FRANKLIN REC ENERGY EFFICIENCY REBATE PROGRAM

Franklin REC's energy efficiency rebate program encourages members of the cooperative to improve their efficient use of electricity and to promote energy conservation. This insert outlines the rebates offered through Franklin REC, which includes upgrades to heating and cooling systems, updates to LED lighting, and new appliances.

Each of our energy-efficiency programs are independently assessed to verify they provide the greatest cost-benefit to all of our member-owners. These programs include numerous rebates and incentives for a wide variety of energy-efficient products and services for your home, farm or business.

TOGETHER **WE** SAVE

All rebate locations are subject to inspection by Franklin REC.
