<ul style="list-style-type: none"> • Must be connected to a resistance storage water heater • Solar water heaters must be ENERGY STAR® qualified units 							

Cooperative Representative: _____ **Date:** _____ **Total = \$** _____

I certify that the incentive payments requested are for equipment installed at the member's site in the last 12 months.

Note: A copy of the member's receipt and Energy Star or manufacturer specification sheet indicating type of equipment, quantity and dollar amount paid is required. The incentives listed above are the maximum available rebate. Total rebates limited to \$100,000 per project. See the Energy Efficiency Programs document for more information. Actual rebates will not exceed 50% of the documented equipment purchase price. This program is subject to cancellation without notice. Submit rebates over \$5,000.00 to your Cooperative prior to installation in order to assure the maximum rebate. Rebate checks will be issued to the account holder. Applications for rebates must be submitted within 30 days of installation. Your
